

MICROLARYNGOSCOPY (MLT)

ENDOTRACHEAL TUBE

Smaller diameter tube to provide improved surgical working conditions

For use in microlaryngeal tracheal surgery or pathological airways

Made from a soft PVC for ease of insertion & reduces pressure against mucosa

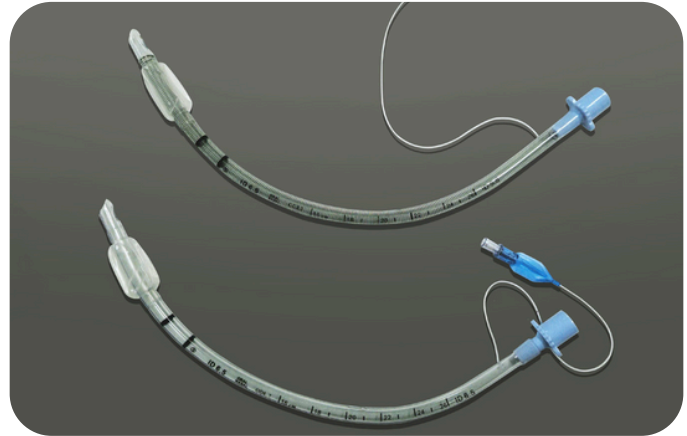

Proximal pilot line

Genesis Airway Features

- Posterior facing bevel
- Soft, curved, atraumatic tip
- High volume low pressure cuff

SIZE	OD	CODE	LENGTH
4.0	5.3	MLT4	32cm
5.0	6.7	MLT5	32cm
6.0	8.0	MLT6	32cm
